

Freshwater Fisheries
Society of BC

**Chief Finance and Information Officer
Corporate Services Division
Full-time Opportunity
Victoria, BC**

The Freshwater Fisheries Society of BC is an independent, non-profit organization governed by a Board of Directors. Our mandate is to enhance and conserve BC's freshwater fisheries for public benefit. Working in partnership with government, industry and anglers, our goal is to make fishing in BC even better through the enhancement and conservation of BC's freshwater fish resources.

We are seeking an innovative and progressive Chief Finance and Information Officer to provide professional leadership and vision for the finance, information systems and technology, and marketing and communications services of the Society. The incumbent is a member of the Senior Management Team, reports to the President, and is responsible to provide quality services for all financial management and accounting functions, including preparation of annual operating budgets and audit, implementation of key strategic marketing activities, and management of information systems and technology. The CFIO promotes efficient, client focused services and encourages innovative thinking in achieving operational and budget targets.

Working with the Freshwater Fisheries Society of BC is more than a job. It's a chance to be part of a unique organization that is making a real difference in the future of BC's fisheries. If you are committed to providing service excellence and are looking for a rewarding and challenging opportunity where you can be part of an exciting operation, we would like to hear from you! We offer an attractive compensation and benefit package.

Qualifications - A Chartered Professional Accountants (CPA) designation, plus a minimum of 5 years progressive financial experience. Demonstrated senior management experience including financial management, budgeting, financing, accounting, financial reporting, forecasting and balance sheet recording, preferably in a non-profit environment. Experience with electronic financial accounting systems, specifically Microsoft Dynamics GP and Microsoft Office proficiency and experience preparing or auditing financial statements. Experience managing IT systems and infrastructure and experience planning IT implementations and managing marketing and communication strategies. Experience managing multi-disciplinary teams in a multi-site unionized environment is also required. Equivalent combinations of education and experience may be considered. Some travel and work outside of normal hours of operation are required. This position is excluded from Union membership.

To learn more about this position, please review the job description at www.gofishbc.com/About-Us.aspx#careers For information on the Freshwater Fisheries Society of BC visit www.gofishbc.com. To apply for this opportunity, please submit your resume along with a letter that clearly and specifically states how you meet each of the listed education and experience qualifications. You may use mail, or email (Word or PDF required) to submit your application.
